**Subject:** Aanandi 3 Update - 16

**Building Work As It Moves:**

Boundary walls are still not done – contractors are busy and I think they are a little unhappy that we have delayed with payments. Yet the rice saplings are flourishing!

**Funding for Aanandi 3:**

On 21<sup>st</sup> June the staff of Tewa got together and planted rice on their new land! this will now be an annual event synchronizing with the national paddy day!

**Local Fundraising:**

For the first time this month our fund-raising remained dismal at zero!

**Conclusions:**

The first corn crop at A3 is ready to be harvested and we pray we will harvest many good things in our new space! This update also missed the date by a day! Apologies!
