

# The Sampanna Campaign

# SC

04 . 2011 – 03 . 2014

SC monument

The deteriorating financial environment in Nepal compelled Tewa to invest its 1.72 crore rupees endowment fund in the Tewa Land & Building Development Project (TL&BDP – since 2000). The 10-year long civil war (1996 – 2006) and the post conflict transition was neither a very facilitating environment for developing necessary infrastructure while coping side by side with Tewa's most necessary and urgent ongoing work for the Nepali women. Therefore with a commitment to complete the remaining infrastructure and landscaping, the Sampanna Campaign (April 2011 – March 2014) was led by the TL&BDP Co-ordinators, Founder Rita Thapa and the then Chair of the Executive Board, Meera Jyoti. The SC was coordinated in the USA by Louise Davis (one of the campaign Nava Durgas).

The SC set a goal to raise US \$ 900,000; complete remaining residential infrastructures & landscaping; delink the Tewa Centre (TC) from Tewa the Nepal women's fund - while still under the legal & fiscal oversight of Tewa; promote the TC modeling self-reliance, organic and naturally harmonious way of life, and an ethically grounded Centre; while still managing the multi aspects of a residential facility. Supported by

the entire Tewa Team, the campaign was further held together by the "Nava Durgas" – 7 in the global North, and 2 in Nepal.

During the campaign period, out of the set goal of US \$ 900,000, we raised US \$ 1,000,000 including the well timed US \$ 300,000 pledge the SC received (due diligence remaining) from The Empowerment Charitable Trust administered by the Royal Bank of Canada (RBC) Trust (International) Limited based in Jersey Island. Tewa is grateful to Trust Advisor PC, Mr Alan Binnington, representative for the trustees, and Ms Denise Turley as the Senior Manager for the Trust. A stupendous windfall received on the nick of time! Of the total SC amount US \$ 125,000, is gifted by Nepali donors alone. During the Campaign period 85 grantee groups also became donors to the SC. Furthermore all the staff, and almost all the members of Tewa became SC donors. The remaining money, raised during the campaign period, was gifted by individual activist donors, funds/foundations and organisations in the Global North.

Two major buildings, the Aanandi & Aanandi-2 were completed within 1 year each from start to finish. Furthermore,

the 2 kitchen annexes, along with all other remaining infrastructures, the grotto, and Goddess Saraswoti shrine, the rebuilding of the front parking lot and the other remaining landscaping were also completed. While the campaign has been brought to a close, promoting the TC, delinking it from Tewa, managing & strengthening the TC is ongoing work.
